2.4 Health and Safety Policy

AIRSAFE values the safety, health and well being of all of the people associated with our activities. We recognize that to achieve a healthy, injury and disease free workplace the organization must:

- Have clear and committed leadership;
- Develop a strong health and safety culture;
- Implement simple and robust safety and health management systems;
- Involve its people in the implementation of these systems;
- Comply, as a minimum requirement, with all relevant legislation;
- Ensure that every person understands and accepts individual responsibilities that are an integral aspect of employment;
- Integrate health and safety activities into standard business procedures;
- Ensure that its people have the skills and equipment to safely complete their tasks;

Application

This policy applies to all personnel and contractors under Airsafe's operational control. The Proprietors are responsible for the application of this policy and it will be reviewed every three year

Follow an underlying principle of continuous improvement.
